

BANDITS WRECK TRAIN; 3 SLAIN

AMERICANS KILLED BY MEXICANS

Coaches Derailed in Daring Border Crime

U. S. Soldiers Fired on by Desperadoes; Dead Man Robbed

By Associated Press.  
BROWNSVILLE, Tex., Oct. 19.—Inspired by race hatred, as well as a desire for loot, 20 Mexicans, who claimed to be followers of Luis de la Rosa, leader of the so-called Texas revolution, held up and robbed a train near Olmito, seven miles north of here and three miles from the Rio Grande, late last night. As a result three men are dead and four others are seriously hurt. The bandits are believed to have escaped into Mexico.

The dead:  
CORPORAL McKEE, Third United States Cavalry, shot.  
ENGINEER H. H. KENDALL, plumed beneath engine.  
DR. E. J. McCAIG, deputy state health officer at Brownsville, shot in abdomen.  
Injured:  
HARRY J. WALLIS, Brownsville, shot in the head.  
W. WOODHALL, fireman, scalded and bruised.  
CLAUDE J. BRISHEAR, Troop A, 10th Cavalry, shot in the jaw.  
C. E. Laymon, Troop D, Third Cavalry, shot in neck and leg.

Five companies of infantry and two troops of cavalry were sent today from Fort Brown here to the district where the robbery occurred. Lt. Henninger, a passenger from Council Bluffs, Iowa, and a narrow escape. He hid his money before the bandits entered the day coach where he sat with Morris Edelman, of Brownsville. A robber, unable to open Henninger's grip, stuck a pistol into the latter's stomach while another of the robbers ordered "kill the gringo."

Edelman, who spoke Spanish, told the Mexicans that Henninger was not an American, but a German. The bandit then lowered his gun, robbing Henninger of his grip, coat and some jewelry, but failing to get his money.

Wallis said today that he recognized as Luis de la Rosa one of the train robbers. He knew de la Rosa well before the bandit raid.

Four Mexicans under arrest in connection with the robbery were brought here today. It was reported that posses had shot and killed two others.

**DARING OF ROBBERY.**  
The robbery was the boldest piece of work by bandits since their raids began three months ago.

The bandits removed the spikes from a rail and lying concealed in the nearby brush, jerked this rail from under the nose of the engine with a heavy wire. The engine, baggage, mail and express cars jumped the track. Few passengers were aboard. The robbery was conducted in the late afternoon. The train, some 15 or 20 more Mexicans kept up a constant fire, apparently shooting either above or beneath the train.

After the robbery the Mexicans burned a trestle north of the wreck, preventing prompt arrival of United States soldiers from San Benito to take up pursuit. The troops had to leave their train and hike a mile to reach the wreck.

The hold-up occurred on the St. Louis, Brownsville and Mexico line, the only railroad entering the lower Rio Grande valley.

John W. Seward of Pineville, Ky., a former United States soldier, said that he and three soldiers occupied a corner seat in the front end of the smoking car. The other three, McKeen, Brishhear and Laymon, were in uniform, but Seward was not. He said there was a lurch and the four men pitched forward.

**FIRE AT SOLDIERS.**  
As the train came to a stop he noticed four or five Mexicans crowding into the rear end of the coach next to the first-class day coach. The Mexicans came forward with guns drawn and firing. The first firing was directed at the United States uniforms worn by Seward's companions. Two of the soldiers were shot at the first fire, and Laymon was hit as he dived for the front door. The soldiers were regular passengers without their arms. The Mexicans grew bold and noisy when the passengers failed to shoot at them.

In the smoking compartment, in addition to Seward and the three soldiers, were Dr. McCain, Wallis, District Attorney John L. Killebrew of Brownsville, R. Wright, a traveling man of Houston, and P. M. Sauer, a traveling man of San Antonio.

In their first rush at the uniformed men the bandits paid little attention to other smoking car passengers.

McCain and Wallis managed to escape. Killebrew fell as if shot, while Wright and Sauer hid under seats. Seward said the bandits then announced to the several Mexicans in the coach that they need not fear, that they would not be harmed. In

TRAINS CRASH HEAD-ON; 6 DEAD

OKLAHOMA CITY, Okla., Oct. 19.—Six persons are dead, two fatally injured and about eight others more or less injured as the result of a head-on collision between Rock Island southbound passenger train No. 11 and a northbound freight train, which occurred at 2 o'clock this morning at the Agawam curve, twelve miles south of Chickasha.

The trains were traveling 30 miles an hour, and as a result of the impact the passenger engine was left on top of the freight engine and four cars of cattle were piled over and under them.

The wreck, it is said, was caused by the failure of the southbound passenger train to take the siding at Agawam, just a half mile from where the trains met. The dead were scalded under the wreckage.

**SMASH INTO SWITCH ENGINE.**  
JOLIET, Ill., Oct. 19.—Several persons were injured, two possibly fatally, this morning, when a Chicago & Alton suburban train, bound for Chicago, crashed through an open switch and collided head-on with a switch engine just outside of this city. Among the injured was Mrs. W. R. Taylor of Hollywood, Cal., both of whose legs were broken.

**Diplomatic Clause May Free Doctors.**  
SAN FRANCISCO, Oct. 19.—The most-favored nation clause of the Chinese-American treaty has been appealed to by Dr. Chou Juean, graduate of the Imperial Medical School of Canton, and surgeon to the royal family of China, who with three other practitioners is under a jail sentence for practicing medicine without a license, and who was granted a writ of habeas corpus by Federal Judge Nicholson. He was freed today. The other defendants are Dr. T. Q. Gung, sentenced to six months and a \$500 fine; Dr. Tom J. Chong and Chou Let, an interpreter, both of whom received the same sentences. Dr. Juean was given a year in prison and a \$1200 fine.

Today application was made for a writ of habeas corpus on their attorney, Miss Philathia Nicholson. Bail was fixed at \$1000 and the writ was made returnable, October 23.

The most-favored nation clause referred to is being invoked as permitting the practice of medicine by regularly graduated physicians of China on the same basis as medical men graduated from European colleges.

Government Takes Steps in Railroad Trust Suit

NEW YORK, Oct. 19.—Robert L. Batts, attorney for the government in the trial of William Rockefeller and his ten co-defendants, charged with violating the Sherman law as directors of the New York, New Haven and Hartford Railroad, resumed today his uncompleted address to the jury. Batts had given warning that he probably would send the jurymen to slumberland.

"Make yourself comfortable. I know you will be tempted occasionally to go to sleep," was how Batts phrased it in starting his two days' address.

All the defendants were present. From questions asked by lawyers of the defense, it became clear that the government will be called upon to prove that the unlawful acts were committed within the last three years.

In an effort to elucidate how the New Haven had spread all over New England, Batts started quite bravely to trace how the New Haven, from 525 miles, spread over New England until it covered 1500 miles.

J. P. Morgan & Co.'s name was brought into the case by Batts in connection with the famous Westchester deal, in which \$10,000,000 was placed in Morgan & Co.'s office for some purpose, which Batts declared was much of a mystery, as the books dealing with the expenditure of this money were burned.

It was in this deal, it may be recalled, that Melien paid out handsome sums to "a seedy East side looking" individual, who every once in a while came and presented notes to Melien, for payment without any questions asked.

Grover Cleveland Richards, a Maine plumber, who drew a check for \$1,500,000 as a dummy and then disappeared from the annals of high finance, was cited as a sample of the New Haven's strange implements for doing questionable things desired to be kept secret.

Charles S. Melien, ex-president of the New Haven, will probably be the first witness called, and I rather think he will keep the jurymen from napping. Melien has a happy knack of injecting a little wit into his answers, especially when his questioners betray ignorance of what they are talking about.

Louis Cass LeMay, one of the "conspirators" was sarcastically referred to by Batts for having "centered" a letter sent to the Massachusetts legislature in connection with Boston and Maine's acquisition by the New Haven. LeMay wonced, but did not say a word to the jury.

The fact that the New Haven paid \$21,000,000 for Rhode Island rollers not worth one-tenth that amount clearly showed that monopoly value was paid and that monopoly was the motive, said Batts.

**British Diver Sinks German Steamship**  
STOCKHOLM, Sweden, Oct. 19, via London.—The German steamship Pernamunda of 475 tons and the Soederhamm of 1470 tons were torpedoed during last night by a British submarine off Oxeleund along the Baltic coast of Sweden. The Pernamunda sank. The Soederhamm was kept afloat by her cargo of wood. Both vessels were bound for Germany. The Pernamunda carried a cargo of iron ore.

FIREMEN HURT IN AUTO MISHAP

Robert Hunter, a driver to the assistant chief of the fire department, living at 1922 Irving avenue, and Howard Doane, chief mechanic of Fifty-sixth and Dover streets, were seriously injured this morning when an automobile in which they were driving collided with a motor truck at Miles avenue and Clifton street. Both were thrown to the street, and the automobile, which they had been testing, was wrecked.

Doane is the most seriously injured of the two. He is suffering from concussion of the brain, possible internal injuries and numerous abrasions about the body. Hunter is suffering from a badly lacerated arm, abrasions of the scalp and injuries to the face and chest. Attending physicians say that the two will live.

The accident occurred while the two firemen were testing the car, which had just been taken from the repair shop. Doane was at the wheel, and was driving north on Miles avenue at a 40-mile-an-hour clip. A motor truck driven by Frank Herbert, 659 Fifty-third street, was proceeding east on Clifton street, when the two cars met at the street crossing. The fire machine crashed into the rear of the truck. Doane and Hunter were thrown to the street. Herbert escaped without injury and notified the officers at the Northern police station of the accident.

The police ambulance carried the injured men to the Emergency hospital. Herbert is a driver for the Barr Mercantile Company of Fifty-fourth and Grove streets.

**Arson Suspects to Be Taken to Calexico**  
Word was received from Los Angeles today by the local police department that O. B. Trux, Arthur Barnaman and J. Bassett, the three arson suspects arrested in the south, will be taken to Calexico, as the Los Angeles authorities have decided that it will be impossible to hold a conviction against them. It is thought that evidence sufficient to gain a conviction has been prepared in connection with alleged incendiary fires in Imperial county jail, following an outburst of charges of arson in Oakland, will be taken to Imperial county tomorrow in all probability. It is probable that Mrs. Jean Burright will not be taken south to testify against her brother, Arthur Barnaman.

BULGARIANS NOW HOLD VRANYA

Resistance to Austrian Advance Breaks Down—Berlin Announces

Italy Enters Balkan War; Allies to Send Reinforcements

By Associated Press.  
BERLIN, Oct. 19, via London, 4:14 p. m.—The Austrian army, which is invading Serbia over the Save front along the northwestern border, apparently has its movement well under way, after meeting with determined opposition from the Serbians. Army headquarters today announced the capture of Obrenovac, South of Belgrade, on the Danube front. The Austrians have made a further advance. The troops of General von Gallwitz have occupied several points of strategic importance.

The war office also announced that the Bulgarian army of invasion had captured the Serbian town of Vranja, on the railroad between Saloniki and Nish.

**ITALY DECLARES WAR ON BULGARIAN NATION**  
By Associated Press.  
ROME, via London, Oct. 19, 11:12 a. m.—Italy has declared war on Bulgaria, according to an announcement by the Stefani News Agency.

The Italian government, by order of the king, declared that a state of war existed between Italy and Bulgaria by reason of Bulgaria's having opened hostilities against Serbia, thus allying itself with the enemies of Italy and combatting her allies.

TREATY 'OBLIGATIONS' INDICATED TO GREECE

By Associated Press.  
LONDON, Oct. 19, 12:11 p. m.—The decision of the entente powers to send large reinforcements to the Balkan front is indicated in a dispatch from Athens today to the London change Telegraph Company. It is said this decision has been communicated to the Greek government.

This information was conveyed, the correspondent asserts, in the form of a friendly note from the British and Russian ministers at Athens to the Greek government, in which the plans of the entente powers were outlined. The note also is said to have pointed out the fact that the Greek obligations to Serbia apparently were not in conformity to that of the Greek government.

NEW COMMANDER IN DARDANELLES

By Associated Press.  
LONDON, Oct. 19, 11:40 a. m.—Italy has declared war against Bulgaria, but the question whether she will send troops to join the British and French forces in Serbia remains as obscure as the results of the fighting raging on Serbia's eastern frontier. The Austro-German armies which occupied Belgrade fifteen miles south of the city, but the outcome of the fighting between Bulgarians and Serbians along the important Saloniki-Nish railway cannot be summed up so easily.

At two points, the northernmost of which is Vranja, the Bulgarians assert they have reached this railroad, while to the south the Serbians are reported to have driven back the invaders. Both Athens and Paris maintain that French troops have occupied Saloniki, in Bulgaria's rear, but there are available no official reports relating to the struggle in this quarter, and none is expected until the fighting reaches a more conclusive stage.

**HAMILTON REMOVED.**  
Removal of General Sir Ian Hamilton from command of the Dardanelles force was received in England with mixed feelings, coming on the heels of rumors of a possible withdrawal from Gallipoli campaign. In the best informed circles, however, the appointment as commander in chief of Major General Sir Charles Munroe is interpreted as an indication that the campaign will be prosecuted with renewed energy, as the country has great confidence in the new leader's ability.

Britain is waiting anxiously to learn whether the cabinet ministers will be able to compose their differences and continue the government without any rift against her brother, Arthur Barnaman.

1 Dead in Trojan Powder Explosion

Workman Meets Death at San Lorenzo Works

SAN LORENZO, Oct. 19.—Terribly burned in an explosion of powder at the Trojan Powder Company's plant, this morning, Bert O'Brien, 28 years of age, of San Leandro, staggered to the office for help, only to succumb a short time later while being rushed to the Merritt Hospital in Oakland. O'Brien was the only employee in the immediate vicinity at the time of the explosion.

The young man was caught by the burst of flame, and, suffering intensely, made his way to the company's office, where he collapsed. While his injuries precluded hope of recovery he was removed to the hospital in an effort to save his life.

The explosion occurred in one of the small isolated houses used for storing powder, and the flame was prevented from spreading. The origin of the explosion is still a mystery.

7 MEN KILLED IN POWDER EXPLOSION

By Associated Press.  
BUTTE, Mont., Oct. 19.—Seven men were killed today when the powder house at the Granite Mountain mine of the North Butte Company was blown up. Four men are known to have been killed in an automobile accident last night were given as a reason for his not appearing in court here today to answer charges of driving an automobile while intoxicated and of assault with a dangerous weapon.

The charges were preferred by Richard P. Smiddy, a contractor, who, with his wife, suffered injuries, also serious enough to keep them out of court, when a buggy in which they were riding last night was struck by a motor car which they said was driven by the Cub manager. Bonds were fixed for Bresnahan and the case was set for November 1 in the municipal court.

Bresnahan Unable to Appear in Court

By Associated Press.  
CHICAGO, Oct. 19.—Injuries sustained by Roger Bresnahan, manager of the Chicago National Baseball Club, in an automobile accident last night were given as a reason for his not appearing in court here today to answer charges of driving an automobile while intoxicated and of assault with a dangerous weapon.

The charges were preferred by Richard P. Smiddy, a contractor, who, with his wife, suffered injuries, also serious enough to keep them out of court, when a buggy in which they were riding last night was struck by a motor car which they said was driven by the Cub manager. Austrian General Commits Suicide

By Associated Press.  
LONDON, Oct. 19, 4 p. m.—General Fiedler of the Austro-Hungarian army committed suicide today by shooting, according to a dispatch from Vienna by way of Amsterdam, to Reuters Telegram Company. The officer feared the dispatch adding that an operation which was about to be performed, would not bring him relief.

London Meeting Would Have King Take Field

By Associated Press.  
LONDON, Oct. 19, 4:15 p. m.—Eton Robert Beresford, a former army officer and a brother of Lord Deedes, in addressing a street meeting in London today suggested that King George dissolve parliament tomorrow with an appeal to the people in the form of a resolution, which was adopted by the meeting.

Zeppelin Destroyed by Maubeuge Chimney

By Associated Press.  
LONDON, Oct. 19.—A London firm of glass manufacturers which has a plant at Maubeuge, France, received the following cable message today:

"The German Zeppelin which has been destroyed by a Zeppelin workshop at Maubeuge, France, is the Zeppelin which was shot down."

\$57,000,000 Russian Contract Given Out

NEW YORK, Oct. 19.—The distribution of a \$57,000,000 Russian war contract for munitions and supplies recently awarded in this country was announced today.

MOTHER OF SUSPECT IN JAIL

Police Sergeant Is Shot Down at Door; Fugitive Flees

Arrests of Family Result; Alleged Thieves of Autos in Toils

LOS ANGELES, Oct. 19.—In the wake of two hounds that followed a trail leading into the foothills surrounding Pasadena, more than one hundred police officers, cowboys and deputy sheriffs were in pursuit today of Harry Duncan, alleged automobile thief and slayer, at whose house Police Sergeant J. S. Toolen was shot to death shortly before dawn. Toolen had gone to Duncan's home in South Pasadena with Patrolman W. B. White, to arrest the man in connection with what was a previous made for automobile thefts. Two shots were fired from the head of the stairs, while White was talking to Duncan's mother. One bullet struck Toolen in the chin, the other penetrated his heart, and his body lay on the porch of the Duncan house until reinforcements, summoned by White, reached the place.

Two more shots were fired at White from a window. He emptied his revolver in reply. Meantime, Duncan escaped through a rear door and followed the course of the Arroyo Seco toward the hills.

**HIS FAMILY HELD.**  
Duncan's brother Ralph, who is alleged to have been with three confessed automobile thieves whose arrest immediately preceded the shooting, was taken into custody and charged with grand larceny. Another brother, Charles, also was arrested, with his mother, Mrs. Mary Duncan, who witnessed the killing of Toolen. All were lodged in the city jail.

Mrs. Harry Duncan and her two-year-old baby were at Central Police Station, awaiting word of the man's fate.

A man answering the description of Duncan was seen on the Santa Fe railroad tracks at 4:30 o'clock this morning by Patrolman W. S. Barr. He was hurrying toward South Pasadena.

When Barr halted him, the man started to run. The patrolman fired three shots but did not hit the fugitive.

Three hours later the police picked up a blue suit of clothes piled on a rock. The police believe the hunted man either forced some one to exchange clothes with him or stole, as yet, undiscovered.

**MOTHER'S MEN ASSIST.**  
Nearly one hundred policemen, motorcycle patrolmen, deputy sheriffs, assisted by cowboys from a moving picture plant, promptly took up the chase under the direction of George Home, assistant chief of police.

Two police bloodhounds were put on the scent shortly after the shooting. They were taken to the Duncan home, where a hat was found at the foot of the stairs where the shooting occurred. The dogs took up the trail at once, and started in the direction of the hills back of South Pasadena.

Duncan has about an hour's start on the pursuit.

Both dogs dropped the scent near Sycamore Park in Pasadena. The men in the pursuing party continued on to the hills. Meantime, it was learned that Duncan had been shot in the dugout or under only a door between them and the man they sought. Barr saw Duncan just after he escaped from the cellar. Patrolman Needham, who was with Barr at the time he fired three wide shots at the fugitive, fell down an embankment and was injured.

Clair Stribling, chief of police, promised ten days' vacation to the police officer who captured Duncan. He also asked the police commission to offer a reward of \$500.

Duncan, according to records at police headquarters, served a term at the Whittier State School.

Jail Birds Tango in Honor of Edison

The "Jail Bird's Tango" is entertaining—save for the dancer. Thomas A. Edison is to blame for it.

If Thomas A. Edison had not come to California they wouldn't have put scintillators on the city hall—and then a wire wouldn't have touched a ventilator iron and electrified the cell bars of the city prison, in the top of the city hall tower.

Prisoners touched the bars and yelled and danced. Chief of Police Woods wanted to wash his hands—until he touched the facets of his wash-basin.

Prisoners, electrically impelled, danced on the damp cement floors. Then the city electrician found the "short circuit" repaired itself and the dance stopped. Now the scintillators can be operated without the slightest disturbance to the inmates of the little rooms under the clock.

Tons of Wreckage Dumped into Ocean

Over 500 tons of wreckage from the Alaska Packing Company's warehouse, recently destroyed by fire, were towed out to sea today and dumped in the ocean thirty miles beyond the Golden Gate. This wreckage was necessary in order to comply with the law which prohibits dumping wreckage in the bay. What was left of the gutted building was loaded onto barges of the Oakland Launch and Tugboat Company and towed eight miles beyond the San Francisco headship by two tugs. A load of wreckage was also dumped overboard yesterday.

### Tom Taggart Freed in Election Fraud Case

INDIANAPOLIS, Oct. 15.—The case against Thomas Taggart, Democratic national committeeman from Indiana, charged with election conspiracy, was dismissed by Special Judge W. H. Eichhorn in the criminal court today on the motion of Prosecutor A. J. Rucker.

The cases of the more than one hundred other men who were indicted with Taggart and Mayor Joseph E. Bell, were put over to December 1. Mayor Bell was acquitted by a jury last Wednesday after a trial lasting more than five weeks.

Prosecutor Rucker, in moving to dismiss the case against Taggart, stated that the testimony of witnesses affecting Taggart in the Bell case was much weaker than the testimony they gave before the grand jury. In view of this change of testimony Rucker said he did not believe the evidence sufficient to convict Taggart.

When this motion was sustained by Judge Eichhorn, Prosecutor Rucker requested that the other election cases be postponed until December 1 to give his office time to clear up the criminal docket and to reorganize the election conspiracy case. This motion also was sustained by Judge Eichhorn.

**BIG GRAPE SHIPMENT.**  
SACRAMENTO, Oct. 18.—Should the rain hold off a few weeks longer the Lodi grape-producing section will set a record in shipments East which may stand for years to come. Already 2100 cars have been sent East and there is every indication that 300 or 400 more will leave if the fall rains fail to materialize.

### Britons Would Lower Exchange Rates to U.S.

LONDON, Oct. 19.—The British financial authorities are still devoting much thought to the question of American exchange. The Morning Post's editor declares that further large shipments of gold to the United States are a foregone conclusion.

"It is evident," says the editor, "that the Anglo-French loan will not go far toward offsetting the huge payments which must be made to the United States in the next few months, not only in connection with the purchase of munitions, but in ordinary trade."

"Assuming that the proceeds of the loan will remain in the form of a fund for which the allies will draw from time to time to meet their own particular payments, something of a more direct character is required to counteract the daily remittances to New York, which are on an increasing scale. A great deal might be done by the banking community as a whole in co-operating with the treasury in initiating operations which even if on a lesser scale than the Anglo-French loan, would have a more direct effect on the exchange rate."

**FOUR HURT BY AUTO.**  
SAN RAFAEL, Oct. 19.—Four men suffered broken legs and two others were slightly injured when Paul Harrigan, a San Anselmo youth, driving an automobile, ran down three students of the San Francisco Theological Seminary on the county road near Ross, Harrigan and Thomas Colwell, a student, each suffered a fractured leg, and Ray Wolinsky and J. R. Buckford were knocked down and bruised.

## OAKLAND HONORS EDISON LIGHT HE MADE TO SHINE HERE

Oakland tonight will be the center of the world for the power of electric light. Edison's great achievement in the development of the electric light bulb will be honored by the city of Oakland. The city has been selected by the Edison Electric Institute as the site of the first annual convention of the institute, which will be held here from October 20 to 22.

The convention will be the first of its kind and will be a landmark event in the history of the electric light industry. It will bring together the leading experts in the field of electric lighting from all over the world.

Edison and his party, who arrived last night, are now in the Exposition grounds, where they will be housed in the new building which has been erected for the occasion. The building is a masterpiece of modern architecture and is one of the finest in the city.

The convention will be a great success and will do much to advance the cause of electric lighting. It will also be a great honor to the city of Oakland.

### ROOT ACCLAIMED NEXT PRESIDENT

New York Republicans Cheer  
for Leader of State  
Convention.

NEW YORK, Oct. 19.—The name of Elihu Root was heartily cheered tonight by the prominent Republicans as the next president of the United States. His name was proposed for the presidency at the end of a Republican club dinner in the Hotel Astor, at which Root had urged the hundreds of influential Republicans present to help secure approval for the new state constitution.

The suggestion was made by James H. Sheffield, president of the Republican Club, who said:

"Mr. Root, you cannot disregard the will of the people any more than you can disregard the will of God, whom you have so nobly served."

William B. Egan, Charles F. Murphy, chairman of the National Committee, and Frederick C. Tanner, chairman of the State Committee, led the cheering when Root's name was mentioned as a presidential candidate.

Job Hedges, addressing Root personally, said:

"There seems to be a general belief that you are the leader of the Republican party. There seems to be a general belief that it is a good thing to be a leader of."

"But I have never read or believed that you thought you were the Republican party."

### CHINESE LOTTERY MAN QUILTS TRADE

He Pleads Guilty, and Law Is  
Satisfied. Prosecutor  
Says.

After the jury had been empaneled, and all was ready to proceed with the case this morning, Chan Loy, accused of selling Chinese lottery tickets, withdrew his plea of not guilty and substituted a plea of guilty. This was the first case of the kind to come before a jury in Oakland in years, and Chan had announced that he would fight to a finish. Two charges were placed against him. As the result of his pleading guilty to one charge, the other is to be dropped. He was held for sentence on October 21 by Police Judge George Samuels.

"The man," said Prosecuting Attorney Hennessey, "has assured me that he has quit the lottery business now, and that is the prime object of the law—to stop the crime. On this understanding we have agreed to withdraw the second charge against him."

Chan's place was just on the Emeryville line. Policemen purchased tickets from him, it was declared, on the Oakland side of the street. Should he operate a lottery in Emeryville only, the police would, it was pointed out, have no jurisdiction.

The jury was dismissed when the compromise was reached and the Chinese pleaded guilty.

"How long since you've had a smoke?" asked Judge Samuels.

"Ten minutes," said a juror.

"That's too bad," said the judge. "Go ahead and get one—you're dismissed sine die."

### PETITION FOR PROBATE OF STEPHENS WILL FILED

WOODLAND, Oct. 19.—A petition filed here for the probate of the will of the late J. J. Stephens, who died in San Francisco Tuesday, disclosed that the estate is worth more than \$10,000. Attorney J. W. Stephens, who with his father, J. A. Stephens, is mentioned as attorney for the petitioner, Lewis Oliver Stephens, said today that it is difficult to get an estimate of the value of the estate, but expressed the belief that it would total well over \$50,000.

The bulk of the estate consists of personal property and bonds. The decedent also left considerable real estate, but he had bequeathed most of his real property before his death. The personal property includes the majority of the stock in the Madison Warehouse company and considerable stock in the Tolo Water & Power company. The real estate includes a 120-acre ranch near Madison.

The last will and testament was made June 16, 1908, with L. E. Stephens and J. Crale as witnesses. He named J. O. Stephens of Fresno, a son, as executor without bonds.

The will provides that the widow is left a life estate in the Madison ranch, and is to share alike in the remainder of the estate with the six legatees, who are Mrs. Frances Butler of Modesto, J. W. Stephens of Fresno, W. A. Stephens, whose residence is not known at present, C. A. Stephens of Hanford, Katie N. Porter of Berkeley, and Bettie Ora Hawkins of Modesto.

### BARBAROUS SHOOTING OF DOGS BRINGS PROTEST

PASADENA, Oct. 19.—Residents of the district near the corner of Denver and Michigan are aroused over several cases of unusual cruelty to dogs which have occurred recently in this part of the city, and have reported the matter to the humane society. Yesterday Smith Sheldon of 1125 Denver street found a dog which had been shot through the back so that its legs were paralyzed, and had apparently been lying helpless for several days. The Sheldon heard a dog howling on Monday night and again on Tuesday morning, and believe that the animal had been suffering from that time until yesterday, when it was found and killed.

Another dog was recently discovered limping on three legs with blood streaming down the other and a gunshot wound in the shoulder. Shots have been heard at night, but the residents of the district have been unable to locate the perpetrator. The entire neighborhood is aroused over the wanton cruelty and the residents are using every means possible to find the perpetrator.

## Healthy Children and Evenly Heated Homes

You are assured of these two important factors when you have installed the "BREUNER-WEDGEWOOD" AIR TIGHT WOOD HEATER.

For burning wood or lighter fuel no other heater will equal the efficiency of the "BREUNER-WEDGEWOOD." It will hold fire and heat for hours without attention because it is made ABSOLUTELY AIR TIGHT.

The combustion with wood is so perfect that ashes need not be removed oftener than once in two or three weeks. It is the cleanest, most convenient and safest wood heater to be had at any price.

The pattern shown in picture, \$10.

## CARRANZA TO BE RECOGNIZED TODAY

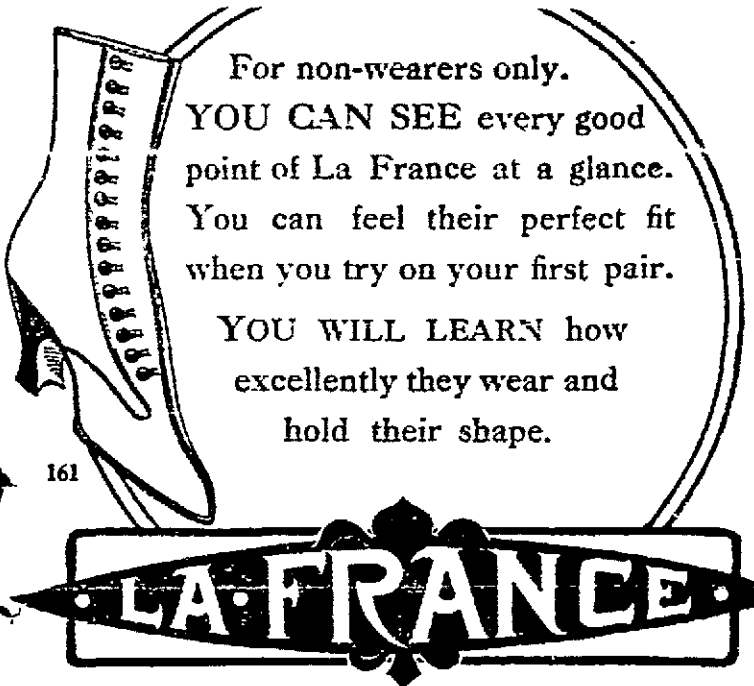

Formal Step Awaited for the  
Renewal of Diplomatic Re-  
lations With Mexico.

WASHINGTON, Oct. 19.—Formal recognition of Carranza by the United States is expected today. The formal step is awaited for the renewal of diplomatic relations with Mexico.

With the form already decided on by the government, all that remained today to complete the act of recognition was the writing of a note by each of the governments represented to be presented to Carranza through Eliseo Arredondo, secretary of state, who plans to leave here at once for Seattle to personally convey the note to Carranza.

## CHANGE OF DATE ASKED FOR SAN DIEGO JUNKET

Many business men who had con-  
templated taking the week-end excursion to  
San Diego being arranged by the County  
Exposition Committee, have requested a  
change in date so that they would not be  
absent on the last day of the month, it  
was voted at the meeting of the com-  
mittee yesterday afternoon to postpone  
the excursion from the 28th to a date to  
be set on the 28th when the committee  
will again meet. It has been suggested  
that one week later than the original  
date would prove more acceptable and  
previous to the next meeting of the  
committee Secretary Joseph E. Caine of  
the Chamber of Commerce, Wilbur Wal-  
ker, secretary of the Merchants' Exchange,  
and Edwin Stearns, secretary of the  
County Exposition Committee, will ascer-  
tain how many from all sections of the  
county may take the trip at the greatly  
reduced rates, and report.

## TENTH STREET TO SEE BIG OUTDOOR CARNIVAL

Arrangements are rapidly being com-  
pleted for this carnival which will be  
held on Tenth street, between Franklin  
and Clay, October 30 to November 7. The  
celebration will be held under the aus-  
pices of the Tenth Street Merchants' and  
Business Men's Association and promises  
to be one of the most elaborate and en-  
joyable carnivals ever promoted in this  
city. The booths will extend from Frank-  
lin to Clay street on both sides of the  
street while a vacant lot immediately  
west of Washington street will also be  
utilized. This will be the first street car-  
nival held in the downtown section in  
many years.

## Uncle Wiggily and the Sand Pie

(By HOWARD R. GARIS.)

Copyrighted, 1913, by McClure Newspaper Syndicate.

The commercial side of art has never appealed to Mr. Lionel Walden, painter, who is visiting San Francisco and being entertained in Burlingame by the Crocker and others of the set.

Mr. Lionel Walden is a marine painter, among Americans second only to Alexander Harrison, who is also in California in this season of visiting celebrities. He has just returned from Honolulu, to do the Fair before going to New York.

At a Bohemian Club dinner the other night they were discussing the market value of art, and how painting pays when you are finally famous and can set your own price. Mr. Walden said he couldn't see how art could have a price. Profit hadn't anything to do with it. He could understand being re-imbursement for outlay on a picture, but that had nothing to do with the art of the painter.

For example, he said, he had wanted to paint the sea at Honolulu. It is the most beautiful sea in the world, amethyst and sapphire, and opalescent in its changeable lights and depths. Artists have always raved over it.

Mr. Walden was in New York when the desire seized him to paint the sea. He counted the cost of a trip. Something like \$500 with its incidental. So he went to a dealer and told him he'd paint the sea at Honolulu for \$500, and it was settled. No profit to the painter beyond the sheer joy of painting the wonderful translucent depths of mystery and color, which of course is a profit not to be counted in money.

If, as one of the guests remarked, the dealer valued it at \$2500, it was the dealer's business to set prices on art, and sell it for money profit. He couldn't possibly make the equivalent of the pleasure of painting it anyway.

**MATHEW DU VAL WEDDING.**  
The wedding of Mrs. Mabel Stovel, daughter of Mr. Mabel Stovel, and Mr. Mabel Stovel, took place at noon today at the home of the bride in Lenox avenue. The house was decorated with a profusion of flowers, and the ceremony was performed by Rev. Alexander Allen of St. Paul's.

The bride was a very charming young woman, who is well known to society as a daughter of the late Mr. and Mrs. H. H. Havens of Oakland, and a sister of Mr. John Havens of San Francisco.

**MISS STOVEL ENGAGED.**  
The engagement of Miss Marion Stovel, daughter of Mr. Mabel Stovel, to Mr. Mabel Stovel, of San Francisco, to Mr. Hjalmar North Boyesen of New York, son of the famous novelist, has been announced.

**MISS LOUISE RETURNS.**  
Miss Louise Lohse returned on Saturday from Montecito, where she spent several months as the guest of Mrs. Charles Keeney at the W. G. Henshaw home. Miss Lohse is one of the most popular of the younger set of society across the winter.

**BECOMING COSTUMES.**  
Miss Winifred Braden wore a very stunning violet velvet costume at one of the recent teas. It was a deep shade of violet with a broad, brilliant purple velvet picture that adorned with purple plumes and was especially suited to Miss Braden's coloring and soft brown hair.

**TO-GIVE BRIDGE PARTY.**  
Miss Lulu May Merweather will be hostess at a bridge party at her home in East Oakland on Thursday afternoon, November 14. The party will be for the benefit of the children of the Knox (Miss Bottom) of Alameda. About forty guests will be entertained.

**LEARN TO MAKE SCONES.**  
Yesterday morning a group of society belles met at the Y. W. C. A. and learned the art of baking scones. They are the enthusiastic students of the domestic sciences and are also members of a sewing class that meets every week. On Monday morning they learn to cook under the direction of an expert and are planning to give a luncheon to be a demonstration of their skill when the course is completed. In the class are Miss Carmen Ghirardelli, Miss Anna Barnard, Miss Suzanne Greenwood, Miss Alfreida Wright, Miss Mary Adams, Elva Ghirardelli and Miss Mary Adams.

**GUESTS AT DINNER DANCE.**  
Mr. and Mrs. Hermann Gade have asked several friends from this side of the bay to be guests at the dinner dance they are giving at the Hotel Hamilton on Wednesday evening, November 20. It will be quite a large affair, at which many of the Burlingame set will be gathered, among them Mr. and Mrs. William H. Crocker, Mr. and Mrs. Templeton Crocker, Mr. and Mrs. William Primie, Mr. and Mrs. John H. McLean and others. Among those who will cross the bay for the event are Mr. and Mrs. Mark Regan, Mr. and Mrs. Philip Bowles, and Mrs. Phoebe Hearst, Mr. and Mrs. Edward McNear and Mr. and Mrs. Louis B. McNear, among others included in the invitation list.

**RETURN TO ENGLAND.**  
The unexpected departure of Mrs. Herbert Hoover for England yesterday has caused much regret among her California friends. Mrs. Hoover was to have been the guest of Mrs. Mark Regan in Piedmont this week, and a lecture on Belgium had been arranged for Thursday morning at the Regan home. But several days ago she received a message from Mr. Hoover in England, summoning her to his side. Mrs. Hoover expects to sail from New York the last of this week and her return is indefinite.

**BOWIE-DETRICK ASSEMBLIES.**  
Members of the younger set in Oakland have received cards for the series of dances that have been known as the "Bowie-DeTrick Assemblies" in San Francisco for several years. Mrs. Bowie-DeTrick planned them first for her son and a group of his young friends, and they have become the most popular dances of the younger set of society across the bay. Among the members from this side are Miss Dorothy Capwell, Miss Ghirardelli, Miss Anna Robinson and others. The first dance will be given on December 2, and the others on January 1, January 29 and February 18, at Scott's Rites hall.

**LUNCHEON FOR VISITOR.**  
Mrs. Eva Rivet of Chicago, who is the guest of Mrs. Ernest Enkeleitch of Russia, is visiting the Exposition, and was guest of honor at a luncheon given yesterday at the Hotel Hamilton. Mrs. Rivet is at her home in Central avenue, Alameda. Princess Enkeleitch is a former Chicago girl who has made her home in Portland since her marriage to the Russian prince.

**VISITED BUTTE COUNTY.**  
Mr. and Mrs. Philip Teller and Mrs. Robert Swaine have returned from a delightful visit of two weeks at Swaine, in Butte county, where the Tellers have a beautiful picture-perfect set in the pine woods. Mrs. Swaine was the guest of her son and daughter-in-law, Mr. and Mrs. Warren Swaine, who make their home there, where both Mr. Swaine and Mrs. Teller have extensive business interests. The Tellers returned on Sunday.

**MISS MASTEN'S WEDDING.**  
The wedding of Miss Eucenia Masten and Mr. Robert Masten of New York will take place at the home of the bride in Lenox avenue.

Miss Louise Lohse returned on Saturday from Montecito, where she spent several months as the guest of Mrs. Charles Keeney at the W. G. Henshaw home. Miss Lohse is one of the most popular of the younger set of society across the winter.

**BECOMING COSTUMES.**  
Miss Winifred Braden wore a very stunning violet velvet costume at one of the recent teas. It was a deep shade of violet with a broad, brilliant purple velvet picture that adorned with purple plumes and was especially suited to Miss Braden's coloring and soft brown hair.

**TO-GIVE BRIDGE PARTY.**  
Miss Lulu May Merweather will be hostess at a bridge party at her home in East Oakland on Thursday afternoon, November 14. The party will be for the benefit of the children of the Knox (Miss Bottom) of Alameda. About forty guests will be entertained.

**LEARN TO MAKE SCONES.**  
Yesterday morning a group of society belles met at the Y. W. C. A. and learned the art of baking scones. They are the enthusiastic students of the domestic sciences and are also members of a sewing class that meets every week. On Monday morning they learn to cook under the direction of an expert and are planning to give a luncheon to be a demonstration of their skill when the course is completed. In the class are Miss Carmen Ghirardelli, Miss Anna Barnard, Miss Suzanne Greenwood, Miss Alfreida Wright, Miss Mary Adams, Elva Ghirardelli and Miss Mary Adams.

**GUESTS AT DINNER DANCE.**  
Mr. and Mrs. Hermann Gade have asked several friends from this side of the bay to be guests at the dinner dance they are giving at the Hotel Hamilton on Wednesday evening, November 20. It will be quite a large affair, at which many of the Burlingame set will be gathered, among them Mr. and Mrs. William H. Crocker, Mr. and Mrs. Templeton Crocker, Mr. and Mrs. William Primie, Mr. and Mrs. John H. McLean and others. Among those who will cross the bay for the event are Mr. and Mrs. Mark Regan, Mr. and Mrs. Philip Bowles, and Mrs. Phoebe Hearst, Mr. and Mrs. Edward McNear and Mr. and Mrs. Louis B. McNear, among others included in the invitation list.

**RETURN TO ENGLAND.**  
The unexpected departure of Mrs. Herbert Hoover for England yesterday has caused much regret among her California friends. Mrs. Hoover was to have been the guest of Mrs. Mark Regan in Piedmont this week, and a lecture on Belgium had been arranged for Thursday morning at the Regan home. But several days ago she received a message from Mr. Hoover in England, summoning her to his side. Mrs. Hoover expects to sail from New York the last of this week and her return is indefinite.

**BOWIE-DETRICK ASSEMBLIES.**  
Members of the younger set in Oakland have received cards for the series of dances that have been known as the "Bowie-DeTrick Assemblies" in San Francisco for several years. Mrs. Bowie-DeTrick planned them first for her son and a group of his young friends, and they have become the most popular dances of the younger set of society across the bay. Among the members from this side are Miss Dorothy Capwell, Miss Ghirardelli, Miss Anna Robinson and others. The first dance will be given on December 2, and the others on January 1, January 29 and February 18, at Scott's Rites hall.

**LUNCHEON FOR VISITOR.**  
Mrs. Eva Rivet of Chicago, who is the guest of Mrs. Ernest Enkeleitch of Russia, is visiting the Exposition, and was guest of honor at a luncheon given yesterday at the Hotel Hamilton. Mrs. Rivet is at her home in Central avenue, Alameda. Princess Enkeleitch is a former Chicago girl who has made her home in Portland since her marriage to the Russian prince.

**VISITED BUTTE COUNTY.**  
Mr. and Mrs. Philip Teller and Mrs. Robert Swaine have returned from a delightful visit of two weeks at Swaine, in Butte county, where the Tellers have a beautiful picture-perfect set in the pine woods. Mrs. Swaine was the guest of her son and daughter-in-law, Mr. and Mrs. Warren Swaine, who make their home there, where both Mr. Swaine and Mrs. Teller have extensive business interests. The Tellers returned on Sunday.

**MISS MASTEN'S WEDDING.**  
The wedding of Miss Eucenia Masten and Mr. Robert Masten of New York will take place at the home of the bride in Lenox avenue.

## THE ARMY AVIATION SCANDAL.

The court-martial now in progress at United States Army Headquarters in San Francisco in connection with the trial of Lieutenant-Colonel Lewis E. Goodier, Department Judge Advocate, who is apparently charged with aiding subordinate officers to bring charges against Captain Cowan, in command of the Aviation School at San Diego, promises some important and vital interesting facts. There has been a great deal of gossip and scandalous report in connection with the management or mismanagement of the Aviation School at San Diego. It has been charged that the flying machines in use by the army aviators there are of obsolete models and that they are often inadequate in a mechanical sense and that men are permitted to go up in them when the danger of flying on account of the defects of the machine is very considerable. Attention is directed to the grim fact that six or more army aviators have lost their lives flying in machines of obsolete type in use at San Diego. It is also urged by officers who testified in the proceedings yesterday that Captain Cowan is incompetent to hold the position which he now occupies and that his knowledge of aviation is inadequate and that he has no scientific understanding of this important branch of the military service. Captain Cowan's side of the case has not been stated. It is evident, however, that something is very much wrong at the army school of aviation in San Diego and it is high time that the existing abuses be corrected and that there be a complete re-organization both as to methods, personnel and mechanics. If Captain Cowan is not able to get on comfortably with the men under him he should be transferred to another post. If among the officers who are acting as aviators there are men who are persistently insubordinate and unruly and who make life in the school uncomfortable, they should be sent elsewhere. This branch of the service is too important to be relegated to its development by reason of the jealousies and the incompetencies of officers.

There seems to be no good reason why the United States army and navy have not made substantial advances in aviation and why it has not kept abreast with the development of this science in Europe and elsewhere. Of course Congress is partly—perhaps largely—to blame; but we suspect a good deal of fault is to be found in the army itself. If the aviation work was in charge of officers who inspired confidence and who had ambition and energy and force of character, they would be able to get suitable appropriations from Congress. There are a good many short-comings in both branches of the service which need to be corrected. We have a very high opinion of the officers in both branches of our service. There are as many intelligent, well-meaning, patriotic, conscientious, efficient officers in the army and navy of the United States in proportion to their size as there are in the military forces of any other country. At the same time there is entirely too much red-tape, too much adherence to useless and silly traditions and too much play given to jealousies and personal animosities.

The indications are that we are about to have the army and navy very much enlarged. The number of officers in both branches will be considerably increased within a few years. The officers will have to face newer and larger responsibilities, and if they are to meet these new requirements they must clean house and prepare fully to deserve the confidence of the American people.

## A GREAT DEMOCRAT.

The most distinguished, the most influential Democrat in the Congress of the United States, the Hon. Oscar W. Underwood, now Senator-elect from Alabama, was the guest of the Exposition yesterday. Mr. Underwood is the author of the existing tariff law, to which his name is given by common consent. Mr. Underwood has served twenty years in Congress and for a good many years has been recognized by both Democrats and Republicans as the most potent man of his party on the floor of the House of Representatives. He is distinctly a leader of men and his methods are as quiet, as diplomatic, as gently persuasive as those of the late President McKinley, whom he very much resembles. Mr. Underwood is a man of culture, a gentleman and a Southerner who does not trade on the sectional issue. He is conservative and believes in a protective tariff. It is to be presumed that the Underwood-tariff law does not contain the full measure of protection which its author desired it to carry. He had to yield something to the wishes of his party, which has a huge majority in Congress.

Senator Underwood typifies the spirit of the new

South. He lives in the midst of the South's greatest modern industrial activity, representing the Birmingham district. He has been an extremely useful man to this country. Early in his career in Congress he showed independence of thought and a keen understanding of new conditions in the South. He set himself against the current theories and traditions which had been hampering his fellow countrymen south of the Mason-Dixon line and turned his back on the policy of the South. He saw that the South, in an industrial and economic sense, had to be re-made and he was one of the band of stout-hearted, large-brained men who set out to accomplish that task. He has succeeded and "indivertly" made himself a national figure. Mr. Underwood is a sound, thoughtful man. He is opposed to facts and half-baked experiments and political and economic theories, and because he has had the courage of his convictions and has followed the ranks he is today a man of uncommon influence, everywhere esteemed, and one of the most unselfish, liberal minded and useful of public men.

It is superfluous to add that Mr. Underwood has no sympathy with the effort to destroy political parties in this State.

## THE NEED OF POLITICAL PARTIES.

In a republican form of government like ours, a government which is representative, there must be parties. These parties should be strengthened and not weakened. For over one hundred and twenty-five years this nation has been safely conducted by political parties with wonderful and marvelous success. Great questions, social and economic, have arisen and have been met with wisdom and patriotism that has challenged the admiration of the world. Honorable, patriotic and able men have filled the offices both in state and nation, and no great scandals have arisen. With this splendid record before us, why should the people of California be the first to raise their hands to strike it down? Why should we depart from a method of selecting our officers and for carrying out our policies, which the experience of mankind, covering a period of centuries, teaches us is the best? And to do so at the invitation of the members of a party that is fast fading away into the political horizon and will soon be enwrapped in that silent sleep into which other parties of the past have fallen and from which they never awaken.

It is no argument against parties that they find support in the press of the land, or that they are endorsed by strong party men or by politicians. The people cannot be fooled by the cry that an effort to preserve parties is being made by so-called machine men and therefore partisanship should be condemned. Great political parties are now and always have been the instrumentalities of the people, created and fostered by them for the purpose of demanding from governments laws and policies which were for the best interest of their subjects, and this great power they will never permanently yield. Those opposed to partisanship do not hope to strike it down nationally, but do hope, by killing it in the states to destroy the source from which it draws its support and strength, and thus stifle it and destroy it. The campaign to do this has been started in California and every voter who believes in his party and in party government should not fail to do his duty as a citizen by going to the polls on election day and voting against the non-partisan bills passed by the last legislature.

Commissioner Jackson held in his office at the City Hall last night a very sensible and businesslike meeting, in which he discussed with the heads of all departments under direction of the Commissioner of Public Health and Safety plans looking to the development of greater co-operation and efficiency. The meeting was the first of the kind that has been held in the City Hall and it seems to have been animated by a very excellent and wholesome spirit. It was singularly free from the bickerings, quarrels, vituperation and profanity which marks the presence of Mayor Davis at the Council meetings and makes them a disgrace to the community. If the Mayor had half the common sense and business judgment of Commissioner Jackson the people of Oakland would have a good deal less reason to complain and they would not be, perhaps, under the necessity of apologizing for their Mayor every time they made mention of him.

According to official figures which cannot be disputed, it is costing the state to operate certain departments under Governor Johnson about \$300,000 a year more than it did under Governor Gillette. Official figures also show that there is an increase of over \$250,000 in the operation of elective state offices in the year 1915 as against the appropriations made for the years 1909-1910.

Official figures, which anyone may verify who chooses to go to Sacramento, show that the appropriation for 1915 for the maintenance of commissions, boards and other appointive offices for the two years 1915-16 was \$2,600,000 more than the appropriation in 1909 under Governor Gillette's administration for the same purpose for the two years 1909-1910. It seems that the present administration is a pretty expensive luxury and that the people of California were never so heavily taxed in the history of the state as they are now.

## ANSWER THESE, GOVERNOR

This editorial is addressed to Hiram Johnson, Governor of the State of California.  
One—Was not the Lincoln-Roosevelt League an organization which the Republican party sponsored exclusively?  
Two—Was not the Lincoln-Roosevelt League an organization which the Republican party sponsored exclusively?  
Three—Was not the old Southern Party an organization which you defeated in 1911?  
Four—Will the proposed non-partisan law prevent the people from forming organizations to elect out certain desired officers, or to protect special interests?  
Five—What will prevent secret organizations, such as the Royal Arch, demanding of candidates secret pledges to protect the interests of the liquor traffic and other forms of vice, from further restricting the legislature, as that organization is alleged to have done in the last campaign?  
Six—Is there not such a thing as state issues and does not the platform of a state political party differ importantly from the platform of a national party?  
Seven—Are not state policies of vast importance to the people?  
There are many other questions that could be asked you concerning the non-partisan measure, but these may be said to touch the most important phases which have not been brought to the attention of the people of this section as coming directly from you.—Fresno Herald.

Twenty Years Ago Today  
A farewell reception was tendered to Rev. William Rader at the First Congregational church on Tuesday evening. The affair was in charge of the Ladies Aid Society.  
The Elks' Rest Association has filed articles of incorporation. The association will care for the burial plot in Mountain View Cemetery. The association proposes eventually to build a hall, the capital stock being \$50,000 and the incorporators O. Bemis, H. N. Sloper, C. H. Butler, C. L. Ingler and Ed H. Benjamin.  
The board of health, at its meeting last night, instructed the secretary to request the council to pass an ordinance compelling physicians to file in the health office all cases of consumption coming under their attention.  
Private Secretary to Mayor Davis and City Engineer Kautman hints that the mayor has an ultimate object in view in fixing the tax rate at \$1. It is to show the people, they say, how cheaply the city can be run and then, after he has clearly demonstrated that the dollar rate is sufficient, to spring on them gently the proposition to bond the city for \$2,000,000 to build a city hall, improve parks and make other municipal changes.  
The young ladies of the Y. W. C. A. gave an entertainment Friday evening, which was very well received. James Pollett acted as chairman.  
A. S. Ormsby and family have gone to Santa Paula to reside.

## THE JESTER.

A Lost Street Car.  
A trolley car was lost in one of our big western cities for a whole afternoon. It belonged to one of the short runs in the suburbs and had been put in the care of an entirely new and business-like motorman and conductor.  
All went well until noon. After that nothing could be heard of the car. Telephone calls to the car barns revealed nothing, as did frantic calls from the main office to points along the car's course.  
In the evening, however, the smiling motorman and conductor pulled the car into its proper place.  
"Where in the world have you been all afternoon with that car?" yelled the angry transportation manager.  
"Well, we ran all morning on Brook street, but business was poor, so we concluded to go out after more trade, and we got it, too. We went over to the business street that runs through the center of town, and had all we could do all afternoon."—National Monthly.  
Quite recently a warship of the Atlantic Fleet found it necessary to call for a few hours at a military port on the coast of Ireland. Tommy Atkins, meet-a full-bearded Irish tar in the street a couple of hours later, said:  
"Pat, when are you going to place your whiskers on the reserve list?"  
"When you place your tongue on the civil list," was the Irish sailor's reply.—Tit-Bits.  
Always the Best.  
An elderly German and his wife were much given to quarrelling. One day, after a particularly unpleasant scene, the old woman remarked with a sigh: "Well, I wish I was in heaven."  
"I wish I was in a beer garden!" shouted her husband.  
"Ach, ja!" cried the old wife, "always you try to pick out the best for yourself!"—Exchange.  
Confidence.  
George—"You will make me a good wife, I know."  
Jane—"I know I will make you a good husband."—Sydney Bulletin.

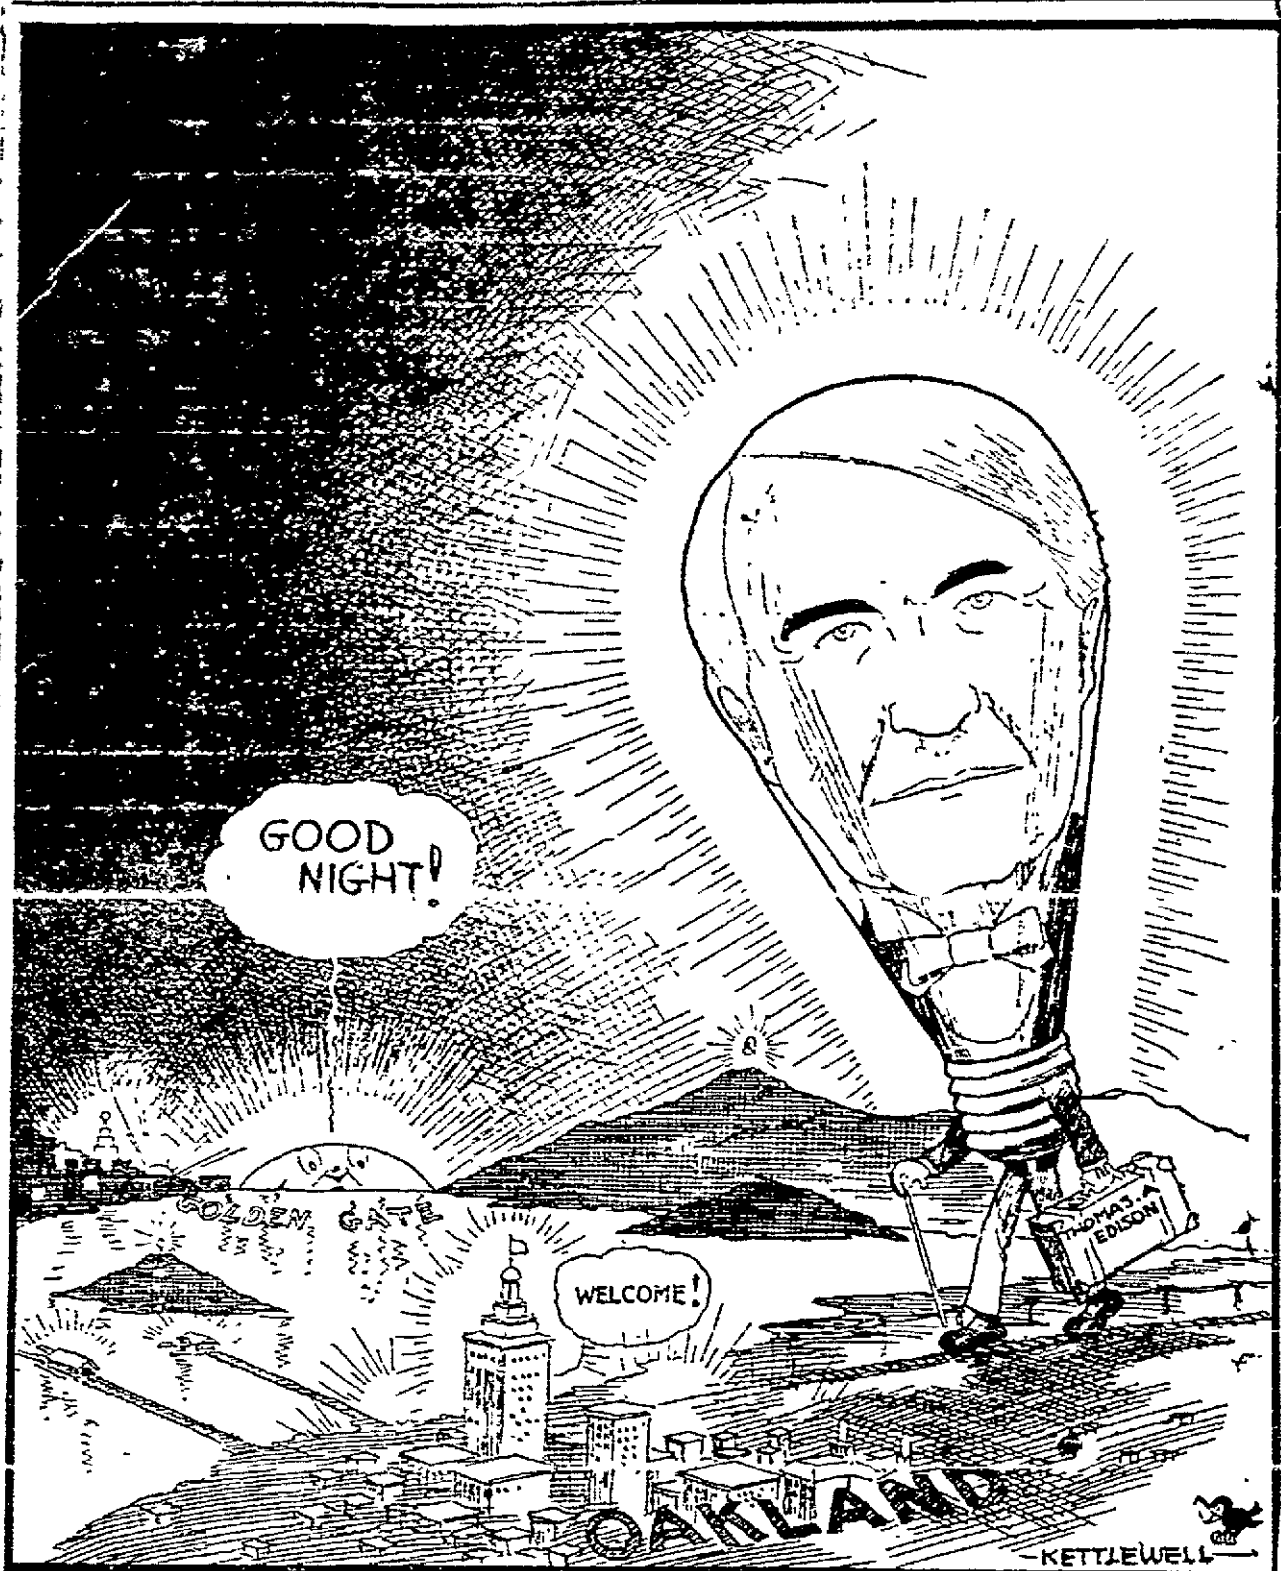

## RILEY DAY—OCTOBER 7.

Said the Laugh to the Tear:  
"It is Riley day, friend;  
Let us join in the cheer  
In the chorus to blend.  
Let us praise him, the bard  
Who is boss of us two.  
Faith, he touched me so hard  
That I turned into you."  
Said the Tear to the Laugh:  
"It is Riley day, mate;  
Let us join in the chaff  
With his own native State.  
Let us toast him full oft  
And allegiance renew,  
For he touched me so soft  
That I turned into you."  
—McLandsby Wilson, in N. Y. Sun.

## A POSSIBLE KING.

The Archduke Karl Stephen of Austria is one of the most powerful of the Crown of Poland, and when that country is organized under the Dual Empire, he is fifty-four and the High Admiral of the Austrian Fleet. His wife, the Archduchess Theresa, is of the reigning branch of the Hapsburgs; her father was the late Archduke Charles Salvator, and her mother, a Bourbon-Sicily Princess. A younger brother of hers, the Archduke Francis Salvator, is the husband of the aged Emperor's younger and favorite daughter. Much of his time, before the peace of the world was broken, was spent with his grandchildren, the nine boys and girls of this pair. The aspirant to the Polish throne has three daughters (the two elder married), and three sons, who are serving in the Austrian Army or Navy.—London Sketch.

## HIS ARRIVAL!

## THE STATE PRESS.

First Cork Crop.  
Fresno's first crop of cork is ready for harvest, according to reports from the Kearney farm. A large cork oak, imported about twenty years ago from Spain, standing near the first road to the right after the orange grove is passed at the entrance to the park, has grown and is coming into maturity.  
The tree has grown practically unnoticed, while visitors have usually admired the smaller trees on the mound. The big oak, however, is nearly a foot and a half in diameter and the cork bark is about two inches thick. It is real cork, too, and demonstrates conclusively that the cork oak, hitherto supposed to thrive best in the arid valleys of Spain, will grow and produce in Fresno County. There are about twenty trees on the Kearney farm.—Fresno Herald.  
Harvest Time.  
Present indications are that the olives will be ready to harvest in this district in about three weeks. The olives are now beginning to turn the rich cream color that indicates that the oil is fast forming in the fruit. It is reported that packers are beginning to make offers for the fruit, but no information has been given as to the prices that have thus far been offered.—Oroville Register.  
Violent Walker.  
Henry Dunn, colored, and more than occasionally in police toils, was arrested last night at the Monticello wharf for crashing into the police motorcycle which had been left standing. Dunn is charged with violating the traffic ordinance, in that he did not give any warning of his movement.—Vallejo Times.  
WAR RISK LOSS \$27,000,000.  
London experts estimate that the war has cost the life insurance offices in the British empire \$27,000,000 thus far. The number of claims of the British regular life offices are not available, but the claims of the industrial offices now number 45,600, which is 4000 more than a month ago.

## 'If I Were King'

Colonel Roosevelt Tells in Emphatic Language What He Would Do About Mexico.

The number of Collier's which is out today contains a brilliant character sketch of Colonel Theodore Roosevelt, in the course of which his opinions upon the making of war and the Mexican situation are set forth.

While Colonel Roosevelt has not stated publicly what his exact course of action with regard to Mexico or to the European situation would have been were he president, it is generally understood by those who know him that he believed in sending an army officer of the caliber of General Wood to Mexico to organize the Mexicans themselves for the work of restoring and maintaining order, as was done by General Wood in Cuba. Further, it is known that he believes that a protest against the invasion of Belgium should have been made by the government, not after the invasion, but before that is when it began to seem probable that such a thing would occur. He believes that the President of the United States had an opportunity to play a part as great as that of Lincoln or Washington, and that the way to have played it would have been to notify the German government that, in the event of a violation of Belgian soil, the United States would call a possible continuation of aid to Belgium by force if need be.

Colonel Roosevelt regards it as quite conceivable that with some one to guide them, England and the world would have immediately signified their willingness to join in such a movement and that most of the nations which have remained neutral might likewise have given their support to so just a cause. By this plan Colonel Roosevelt believes that the violation of Belgium, with its

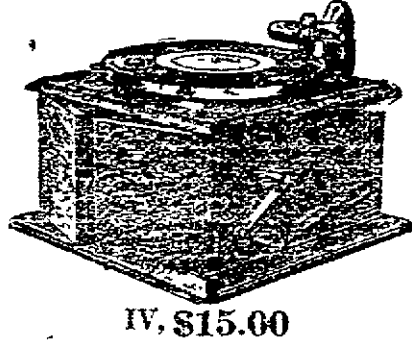

successing horrors, might actually have been prevented.

I spoke to the Colonel of the impression held by many of those who do not believe in him, that he is of a religious disposition and that, to use the usual expression, he "would have dragged the country into war."  
"I know what they think about me," he declared. "Because I stood up for the army and navy and for American rights, also because of the newspaper cartoons of me as a Rough Rider carrying a club or shooting revolvers into the air, also because I speak my mind when I think I ought to, and because they know I would have taken action in regard to Mexico and in regard to Belgium—because of these things there are many people who say: 'That man Roosevelt is a bloodthirsty anarchist.' These people forget or ignore the fact that during the seven and a half years in which I was President we never fired a shot at a foreign foe, although complications arose from time to time, and although I insisted absolutely upon protecting American citizens everywhere, as, for example, in the case of Perdicaris, when I demanded Perdicaris alive or ransom dead. But, although I got the country into no wars, they say I am warlike. President Wilson, on the other hand, is a man of peace. He has waged peace with Mexico and Haiti, and lost a lot of men, and he has been waging peace with Germany, while Germany has been murdering our men, women, and children with her submarines."

"Now, as a matter of fact—though I do not expect these people who picture me as bloodthirsty to believe it—I

abhor war. But where I differ with the pacifists is this: I regard war as a very terrible thing, to be avoided by every decent means, but I do not regard it as the worst conceivable thing in the world. I think some things are even more to be avoided than war, and these people who say I want war are right to this extent: Let them rape just one American woman in Mexico—and they have raped many—and I should have action inside six hours. There was never any question as to whether the American people would back me or not when I was president. They would always back me to assert American rights and defend American honor. They are the same people today, but they are dulled, momentarily, by a five years' deluge of professional pacifism."

"Every man has a soft and easy side to him. I speak now out of the abundance of my own heart. I'm a peaceable man. I have always wanted to be with Mrs. Roosevelt and my children, and now with my grandchildren. I'm not a brawler. I detest war. But if war came I'd have to go, and my four boys would go, too, because we have ideals in this family. I've had a good deal from life, and I am not afraid to die, but any man who is a father ought to know whether I want to see my four boys go or to fight. The feeling is so strong in me that when I have read in the papers that the president has sent still another note to Germany, sending out trouble for a while, I have to combat a feeling of relief or thinking of what our duty is and of how dreadful it would have been for me if men in the days of Washington and Lincoln had been 'too proud to fight.'"

## CITY POLICY SESSION HELD

Employees of Municipality  
Establish Precedent in  
Meeting.

Heads of all departments for the direction of Commissioner of Public Health and Safety met last night in the office of the commissioner to discuss the various divisions of city service. Ideas were advanced for the presentation of new ordinances to better conditions. Plans for greater efficiency and better co-operation among the departments were outlined. Progress reports were presented.

The meeting was the first of its kind held at the city hall. Commissioner Jackson announced that he planned to call meetings of this kind once a month in his office.

The condition of the theaters in Oakland with regard to their observance of safety regulations was discussed by the police, fire and electrical department heads, and it was decided to send a letter today to the Broadway theater, declaring that the house will not be allowed to re-open until certain safety precautions have been observed. New exits must be prepared, changes must be made in the seating arrangement, better ventilation must be arranged for, and the dressing rooms must be renovated before the authorities will permit the theater to open again.

**FOR FRIENDLY DISCUSSION.**  
Commissioner Jackson explained the purpose of the meeting in a short open talk. He said:

"This calling together of the heads of the various departments under the Department of Public Health and Safety is to be the first of many such meetings, as I hope to have them at least once a month in the future."

"The object of this meeting, gentlemen, is to freely discuss, in a friendly way, the several departments, for the best interests of the city."

"I wish to state that I am exceedingly well pleased with my selection of the heads of the different departments, as each man has more than made good. I want you all to feel that this meeting is not called with any desire of criticism, except in a friendly way, the idea being to gain what the substance we can by consultation with the heads of the departments."

"Of course you all appreciate, as I do, that our administration is receiving some criticism from disgruntled politicians, who seem to be very hard, but I am satisfied that the substantial citizen appreciates the fact that each and every one of the departments over which I have jurisdiction is making good, and I wish to impress upon each of you that in the carrying out of your duties you are

## STUDENTS ASK U. C. DAY BUT WANT NO BRONZE PLAQUE

BERKELEY, Oct. 19.—Students at the University of California do not want bronze plaques.

They wish to hold a regular U. C. day, with no special honors, but to have the university stand for an annual day of study, according to an announcement posted on the bulletin board near the center street gate to the campus last night, is a "U. C. day" of the university.

"Let's have a regular golden bear of a day," says the proclamation and adds, "Does any one second the motion?"

The announcement that greeted those on the way to a 6 o'clock classes this morning read as follows:

**ATTENTION!**  
We do not desire a BRONZE PLAQUE.

NEITHER do we desire to meet GENTLEMEN IN HIGH HATS.

But we would like to have the bands play "BLUE AND GOLD."

On a University of California day.

And we would like to have that day a HOLIDAY.

Over here in Berkeley.

WE ARE GLAD we are undergraduates in the same year with the big show.

to totally disregard political effect in all our actions, and do your duty fearlessly, and to the best interests of the city.

**SEWERS NEED FIXING.**

"The sewers of the city are in a deplorable condition in some sections of the city," said Dr. Higgins, city health director.

"Take the Lake and Twenty-second street sewer across the city. It has not been cleaned out for over two years and is in a bad condition. It should be attended to."

The Thirty-ninth street sewer is in an even worse condition. There are about 50 leaks in this sewer. The sewage is running out and causing a filthy condition to arise."

It was decided that the flood gates of Lake Merritt should be operated to hold the flood waters at high tide until the tide is low on the western waterfront and then letting the water rush through the Lake and Twenty-second street sewer to the bay.

Commissioner Jackson declared that several large new sewers must be built in the near future, even if it requires a bond issue. Tentative plans for these sewers have been prepared by City Engineer P. E. Brown.

They have been made necessary by the bulkhead across the Key Road basin, which cuts off the tide from flats along the western waterfront.

**WOULD "REORGANIZE."**

Plumbing Inspector Justice advocated that the city should reorganize its plumbing department.

He said that the Oakland rates for inspection are unacceptably low. Inspection costs 50 cents in Oakland, while the same service costs \$5 in Berkeley and Richmond and \$3 in Alameda.

Representatives of the plumbing, building and electrical inspection departments reported that the laws have been violated in the past in the matter of having proper permits for work.

Plumbing Inspector Justice stated that plumbers would ask for a permit to put in certain work and would come in the same day for a rough inspection, showing that some of the work had actually been put in before the permit was issued.

City Electrician Hardy said that the contractors had in some instances failed

LET US MAKE A BIG SHOW that we are glad.

Why not have a regular GOLDEN BEAR OF A DAY?

IS IT ASKING TOO MUCH FOR JUST ONE HOLIDAY?

DOES ANY ONE SECOND THE MOTION?

That the desire of the California men and women may be brought to the faculty in an official manner is to be circulated about the campus, according to a number of those who are taking a leading part in advising what they declare is a general sentiment.

"We haven't had the usual number of holidays this year," declared one of these leaders this morning. "We started in a little late or something and for that reason the months have been packed full of study days with no holidays."

Many of us have only seen the exposition on Sundays. A lot of us would like to show our appreciation of the fact that we are here in exposition year. Institutions as far from the exposition as Vassar and Yale have had days, and we think that the state university, right across the bay from the fair, should have one."

As yet the university authorities have taken no action on the matter.

to pay their fees. He said that these should be taken from the bond of the contractor, and that this should be done by the treasurer's office.

Electrician Hardy suggested that money can be saved by the electrical department doing work for other departments.

He said that \$1500 a year could be saved by eliminating double supervision and overhead expenses, and that a saving could be effected by the purchase of supplies in larger quantities by one department.

The matter will be taken up with the school board.

**FEEDGUARD LATER.**

Food and Market Inspector Thompson advocated the passage of an ordinance that would make it necessary for a person to have a feed guard on his truck or market to submit plans to the health department before commencing work.

"We can have these business men submit their plans," said Commissioner Jackson. "It will save them money and save us time and trouble. I think that is a good plan."

"The milk situation is better than it has ever been in the history of the city," said Commissioner Jackson.

He has a greater volume of work done, and it has been better performed. When I took charge of the milk inspection I suggested that the school board should have two inspectors than with three, and we gave them the proper co-operation. They have done a very good job, and we are turning out a large volume of milk. The dairies are already taking up this matter and are planning to install plants."

**GERM DOCTOR PLEASED.**

Dr. P. F. Jackson, city health director, stated that he was highly pleased with conditions at present. The city laboratory has been improved and brought up to date. Dr. Jackson stated in the matter of contagious and infectious diseases, the health of the city has never been better.

Those present at the meeting were City of Police W. F. Woods, Fire Chief Elliot, Whitehead, Plumbing Inspector John Justice, Dr. J. J. Hill, Building Inspector Joseph Lloyd, City Electrician C. Hardy, City Engineer P. E. Brown, Food and Market Inspector A. M. Thompson, Sanitary Inspector Joseph E. Jones, and Assistant City Attorney George Jackson.

The meeting was characterized by a business-like attention to the work in hand. There was no special making of effect. All worked together for the good of the department. It was one of the most promising meetings for the good of the city that has been held at the city hall, and was in contrast to the bickering and persistent official gallery play noticeable at the city council from other sources.

## EXPENSES OF COUNTY ARE SHOWN

Nearly Four Million Is Spent in Upkeep of All Departments.

It cost close to \$4,000,000 to administer the affairs of Alameda county during the fiscal year ending June 30 last, according to a report, dealing with every item of expense in government, which has been filed with the Board of Supervisors by County Auditor E. F. Garrison. The actual cost of the county government for the year is shown to have been \$3,775,354.14.

Garrison's report shows that the county's gross assets on June 30 last, the last day of the fiscal year, were \$1,250,000. Outstanding liabilities at that time were \$270,000, leaving the net assets available \$980,000. Of this sum \$331,000 was apportioned to the county general fund, and the remainder, \$1,267,500, to the school fund.

Every single item of expense in conducting the affairs of the county is noted in the report compiled by Garrison and deposited in his office. For instance, it is shown that the Board of Supervisors expended \$17,500 in the administration of its own affairs. Of this amount \$13,529.04 represents the supervisors' salaries. The sum of \$19,514.70 was spent in the maintenance of the auditor's office.

The auditor's office collected \$85,000.57; received \$85,244.82; supervisor, \$85,197.97; purchasing and supply department, \$13,314.84; exposition commission, \$19,121.16; expended at Panama-Pacific exposition, \$55,770.10; Livermore Exposition, \$2000; Sacramento Exposition, \$1,611.38; San Diego Exposition, \$652.91; weights and measure bureau, \$347.47.

**COST OF COURTS.**

The county's Superior Courts called for the following expenditures: Department of courts, \$762,000; department of law, \$585,837; department three, \$694,956; department four, \$900,137; department five, \$23,210.64; department six, \$582,552; extra sessions department, \$632.50. Justice: Courts: Alameda, \$245,551; Albany, \$194.40; Berkeley, \$28,120; Brooklyn, \$379.45; Eden Township, \$324.40; Murray Township, \$147.13; Oakland police court No. 1, \$4,532.20; Oakland police court No. 2, \$4,532.20; Oakland police court No. 3, \$4,532.20; Washington Township, \$146.92; Washington Township, \$250.31.

The sum of \$49,139.97 was expended in conducting the affairs of the office of District Attorney J. L. Brown. County expenses, \$29,912.95; sheriff, \$22,348.61; constable, Oakland, \$3519.34; Brooklyn, \$3,016.12; Alameda, \$3016.12; Eden, \$2431.11; Murray, \$1264.25; Pleasanton, \$1264.25; Washington, \$2431.11; coroners, \$12,708.08; probate office, \$16,022.53; grand jury, \$2498.55; Hall of Records, \$8946.41; Court House, \$9597.97; auto expenses, \$7997.05; registration, \$18,039.25; primary election, \$3574.12; general election, \$23,549.32; election for Alameda county water district, \$50.20; Pleasanton water district, \$227.97; exposition bond election, \$12,919.72; recorder, \$58,548.84; horticulture exposition, \$5858.84; game warden, \$1475.00; forest fire protection, \$1972.10; police administration, \$629.02; farm adviser, \$1,160.71; health officer, \$1158.85; rodent extermination, \$3390.25; highways and bridges, \$1264.25; \$500.05; Webster street bridge, \$11,286.41; Bay Farm Island bridge, \$4784.73; High street bridge, \$8682.64; Park street bridge, \$14,145.28; Fruitvale avenue bridge, \$11,841.01.

Then follows a statement of all matters spent on the various roads of the county.

**INFIRMARY.**

The administration of the county infirmary cost \$7220.66; dining room expenses were \$70,554.54; household expenses, \$7748.19; medical treatment, \$20,464.54; general expenses, \$15,537.97. Receiving hospital, \$13,358.58; Berkeley household and other expenses, \$2370.84; medical treatment, \$6623.07; care of insane, \$4824; general miscellaneous, \$10,354.82; dental clinic, \$6124.54. Tubercular prevention, \$13,358.58; Berkeley Cruelty to Animals, \$1500. Associated Charities, \$2400. Baby Hospital, \$4458.

The cost of maintenance of orphans and half-orphans amounted to \$41,921.39, and maintenance of feeble-minded cost \$13,194. Salaries and expenses for the county jail were \$20,618.05; supplies and repairs, county jail, \$2264.06; Juvenile Detention Home, \$6939.47; outside maintenance of delinquent minors, \$39,589.78. Board of Education: Maintenance, \$30,343.15; superintendent of schools, \$10,432.20; county suburban library, \$20,165.54; general building and office service, \$8821; miscellaneous expenses, \$7,143.12; other miscellaneous expenses, \$5,171.25; advertising, \$57,761.75.

**SCHOOL BUDGETS.**

Alameda County Schools: Alameda general administration, \$16,543.14; Alameda High Schools, \$43,731.14; Alameda elementary schools, \$140,851.55; Berkeley general administration, \$13,358.58; Berkeley High Schools, \$121,844.93; Berkeley elementary schools, \$233,743.19. Oakland general administration, \$155,523.44; Oakland High Schools, \$322,852.56; Oakland elementary schools, \$336,366.42. The cost of upkeep of all other school districts in the county is also shown.

**SALMON SELLERS FINED.**

By SEATTLE, Wash., Oct. 19.—Fines totaling \$500 were assessed in the justice's court yesterday against Thos. Boyd, president of a public market; Charles Guerin, cashier of a wharf company; and James Harris, a salmon broker, for dealing in canned salmon unfit for human consumption. Boyd was also convicted of misbranding the salmon.

## LOVE MIRACLE BREAKS WAY INTO CELL

Wife and Baby Await Home-Coming of Dr. Charles R. Baker From Prison.

SAN FRANCISCO, Oct. 19.—The miracle of love has broken its way through prison walls and prison bars into the life of Dr. Charles R. Baker, serving fourteen months in Folsom penitentiary.

When Dr. Baker was convicted of illegal practice his world crashed about him. Society cast him off. His profession spurned him. His wife had divorced him.

When he returns in a few days, released on parole, he will find a home awaiting him, and in it, with open arms and love-dimmed eyes, his golden-haired girl-wife and a little, rosy-mouthed daughter, to whom love has opened up vistas that they had never dreamed of.

"I am going to make ours the happiest home in the world," said the little wife, resting her arms for a moment upon the ribbon counterpane which she had been working since they took her husband away. He was still her husband then, for only her interlocutory decrees had been granted—and there will never be a final one.

**PLANS FOR FUTURE.**

"I've got plans for the most wonderful life," she said. "The little family will be all together again, and I can hardly wait for the happy hour. Even baby Dominica knows. The first thing she asks me when I go to see her at my mother's home is, 'When papa is coming?'"

Mrs. Baker is a slip of a girl to have borne the crushing effects of fearful contrasts. She was 19 when her divorce was granted.

"I'm sorry I did not stand by him in his trouble," she continued. "I was very young—if that is an excuse—and I listened to everything but the one thing I knew was right."

"Do you think he has changed much?" she asked suddenly. "I've heard that a man changes—looks so terrible when he leaves prison, and that he is never the same again. But I don't care a bit, just as long as I can always keep him with Dominica and me."

**HOME READY FOR BAKER.**

It was Mrs. Baker who appeared last Thursday morning before Judge Graham with a letter written in the cell in Folsom asking that the divorce be dropped and serving notice to the cynical world that in this case the prison bars did not complete their work of destruction and the severing of all social ties for the unfortunate man. But just the reverse and knitted a love which had been all but lost in more prosperous times.

Mrs. Baker has furnished a little life. Everything is very plain, but in every look and almost sure shows the greatest of all life's gifts, a luxury that money can not buy, has been contributed by some miracle which somehow found its way through the prison bars and has guarded Dr. Baker for 14 months.

**Would "Railroad" Him to Prison, Charged**

By Associated Press.

LOS ANGELES, Oct. 19.—Charges made by George Bitten, a detective, that police officials here were attempting to railroad him to prison to prevent disclosures concerning the case of Mayor Charles E. Sebastian, who, as chief of police, was tried and acquitted of immorality charges just before the municipal election last May, have proved without foundation, Thomas L. Woolwine, district attorney, stated yesterday.

No further investigation, of the charges, which were filed last Friday by Bitten, through his attorney, will be made by either the district attorney's office or the county grand jury, according to Mr. Woolwine.

The preliminary hearing of Bitten on a charge of embezzlement, which was halted when the accusations were made, will be resumed October 27. At that time the district attorney Woolwine will report his findings to the court.

## No Bridegroom at Actress' Wedding

Now He's Missing and She's Still Single

Where is Miss Buchanan's bridegroom?

First they see him and then they don't!

This is the plaint of the friends of the fair actress, whose marriage to John Andrew Conley, declared to be a former United States army officer, did not come off as scheduled last night.

The license was obtained and all preparations made for the wedding of Conley to the beautiful Cary Buchanan, or, as she is better known on the stage, Cloe Ward. Conley took apartments in the Palace Hotel, San Francisco, soon after his marriage to her and his wife—and then the wedding did not take place. He had a clergyman ready and Fred S. Lewis, an Oakland butcher, as best man.

A few minutes after he registered at the Palace for himself and wife he was missing and was next heard of at the Hotel Oakland, where he registered—without a wife. His bride-to-be, at her apartments, 1302 Geary street, declared that she did not know where he was.

Miss Buchanan is an actress of some note. She has appeared in the Winter Garden and other New York theaters.

Conley is said to have been an army officer with a record of service in the Philippines.

**Hammond Inquiry to Begin on Thursday**

ALAMEDA, Oct. 19.—The nature of the testimony which will be taken Thursday morning by Mayor F. H. Bartlett's committee to investigate the official acts of Councilman William Hammond Jr., has not been divulged by the local authorities. The probe will start Thursday morning at 10 o'clock and will be held in the council chambers of the city hall.

Mayor Bartlett has issued a number of subpoenas, but has not announced the names of those whom he has demanded to testify. It is understood that Chief of Police John Conrad, Sergeant of Police W. O. Jacoby, Detective W. H. Smith and Police Officer Andrew Peterson are among those who have been ordered to appear and testify.

Mayor Bartlett's citizens' committee has been in session since the city and are now on a ranch.

**WILL GO UNDER KNIFE.**

SAN LEANDRO, Oct. 19.—Miss Ethel Cooper, daughter of former City Clerk Joseph S. Oakes, will undergo an operation for appendicitis in Modesto, Calif., this morning for some time.

The Oakes family removed to Modesto from Oakland and are now on a ranch.

**Blue Jacket Weds Army Daughter**

Police Captain Gives First Aid; Irate Mother Arrives Too Late.

Police Lieutenant Arthur Layne of the San Francisco police department and the Cupid last night, the train bearing an irate mamma did not arrive early enough, and today Richard Neubauer, a 21-year-old sailor on the battleship Oregon, and Ethel Morgan, daughter of Sergeant Major John Morgan of the United States Army, are man and wife. The father of the bride is on duty on the Mexican front. The bride left her Oakland home late last night, meeting the prospective bridegroom and going through the ceremony before the mother of the bride arrived in an attempt to end the ceremony.

Sergeant Major Morgan is well known in Oakland, where he lives when not on duty. The bride has made her home here for some time past.

The union of the young son of the navy and the daughter of the army was not accomplished without difficulties. They secured their license last Friday and Neubauer telegraphed to his mother in St. Louis that he was about to become a benedict. His mother wired her objections. She also wired that she was on her way to San Francisco. For three days the young couple pondered, out at midnight last night they decided.

Then they appeared at police headquarters and explained their case to Larry Neuberger, telephone operator, who decided to help them. That is how the lieutenant and four detectives came to be witnesses at a midnight wedding, at which Rev. Robert Walker of the First Methodist Episcopal church officiated.

# LUSCHER HOPES TO WIN BY K. O. TOMORROW NIGHT

Frith, lawyer and How Nelson, writer-ventriloquist, are the two men who will bring "home home the bacchus" from "the land where they meet in the moon." Frith is a native of the Pacific Coast, who is one of the East Oakland's best-known representatives in the local theatrical scene, claiming that he is going to "beat the boys" in the coming season. The latter believes that he will take advantage of Frith's poor defense and win.

Of the two, Luscher is no doubt the "harder" matter, and in his last bouts has been able to "beat" some of the best players and yet come back for more. Nelson's claim to high honors are that he has defeated Abe Henderson, a kid of the same name, who is a "strong" and Frank Dennay, when the latter was in poor condition and somewhat lame, and even to even run on the gloves that night.

Nelson has a pretty one-two punch and

Christian and other big leaguers, have challenged Woodland for a series to decide the Northern California championship. A. D. Mochoidt, local pitcher, is slated for a throwout with the 1916 Seals.

GIRL SET ADRIFF, CHARGED IN SUIT

Libeious Report Alleged and \$5000 Sought as Damages.

SAN DIEGO, Oct. 19.—That she was practically turned adrift in San Diego without railroad fare home, after being brought here to make her home with her aunt and uncle, Mrs. and Mr. H. C. Glasgow of Chula Vista, was the testimony before Judge Sloan of Mrs. Lena Henderson in a suit against the aunt and uncle for \$5,000 damages. Mrs. Henderson at the time was Miss Lena Mickey. She testified that she and another uncle, Harvey Lancaster, 72 years old, accompanied the Glasgows to San Diego from the northern country on the promise that a home would be built here. It was arranged, said the girl, that she was to act as companion for Mrs. Glasgow. Following their arrival here in the latter part of 1913, however, they quarreled. Mrs. Henderson and Lancaster are alleged to have conspired to defraud the Glasgows of the \$5,000. The Glasgows spread false and libelous reports about the girl and her uncle Harvey. Mrs. Henderson testified that she had established a lucrative enterprise in the beauty business in Portland, and was earning \$100 a month when she was induced to come to the sunny Southland. After leaving here in 1914 she went to Salt Lake and married. The uncle, Lancaster, took the witness aside in the girl's bedroom and told her sister, Mrs. Glasgow, begged Miss Mickey to accompany her south. The Glasgows owned a big ranch in Canada, while Lancaster operated a ranch in Utah. He said he had not seen his sister for 1855 until they visited him in Montana in 1913 and asked him to accompany them to San Diego and establish a home here.

Oakland Woman Sees Armenian Massacres

After braving the dangers of Turkey in the midst of war, and escaping a nervous wreck from the scenes of pillage and bloodshed, a woman from the school teacher of Oakland, has reached home. She underwent trials the most extreme, and saw incidents that would fill novels. For two years she was among the Armenians, who were being massacred in battle, beheld massacres of Armenians, and watched trainloads of the unhappy people borne into the desert. She said she had not seen her sister for 1855 until they visited him in Montana in 1913 and asked him to accompany them to San Diego and establish a home here.

SETTLERS REFUSE BOOST BODY'S AID

WILLOWS, Cal. 19.—While the directors of the Sacramento Valley Development Association learned the settlers did not require any outside assistance in settling the irrigation problem, the meeting held in this city was productive of much good as it brought together a large number of people in a get-together spirit. Out of the settlers started the association could be of service in assisting to remove some of the knoekers from the valley. A number of the settlers were considered by the association. Resolutions were adopted vigorously demanding on behalf of Sacramento valley orange growers the removal of the present 10 percent tax on the fruit. The department of agriculture before interstate shipment is permitted. It was pointed out that the enforcement of this law practically ruined the California orange in marketing due to early ripening of their fruit, as compared to oranges in the southern part of the state. The resolution was adopted upon the ground government to force an entire crop to reduce the percentage of saccharine content required so that early Northern California oranges may reach the earliest markets of the year, as they have been.

OFFICIAL BOARD OF SUPERVISORS

REGULAR MEETING OF BOARD OF SUPERVISORS, MONDAY, OCTOBER 19, 1915.

SETTLERS REFUSE BOOST BODY'S AID

WILLOWS, Cal. 19.—While the directors of the Sacramento Valley Development Association learned the settlers did not require any outside assistance in settling the irrigation problem, the meeting held in this city was productive of much good as it brought together a large number of people in a get-together spirit. Out of the settlers started the association could be of service in assisting to remove some of the knoekers from the valley. A number of the settlers were considered by the association. Resolutions were adopted vigorously demanding on behalf of Sacramento valley orange growers the removal of the present 10 percent tax on the fruit. The department of agriculture before interstate shipment is permitted. It was pointed out that the enforcement of this law practically ruined the California orange in marketing due to early ripening of their fruit, as compared to oranges in the southern part of the state. The resolution was adopted upon the ground government to force an entire crop to reduce the percentage of saccharine content required so that early Northern California oranges may reach the earliest markets of the year, as they have been.

Editor Tells How D. D. D. Prescription Cured His Eczema

Clergyman and Banker Also Write

H. G. Hotchkiss, Editor Echo, Prophetstown, Ill.: Remember, mine was a case of fifteen years' standing. Now I am completely healed, after 4 bottles of D. D. D. I have seen a case of 25 years' standing cured. I have seen my own doctor cured of barbers' itch, which he could not cure himself.

R. E. Cesar, Banker, Hopkinton, Ia.: I treated with three bottles for six months. My skin was full of the disease. I applied D. D. D. to my face. I am now as a baby.

Rev. L. I. Downing, Pastor 5th Ave. Presbyterian Church, Roanoke, Va.: For three years I suffered, intensely so. I have at last found relief in D. D. D. I am no longer tortured. Completely cured. I have no more to acknowledge the great virtues of this specific.

The cures of D. D. D. are not best. I am a druggist and am sure to recommend this soothing, cooling liquid, 25c, 50c, \$1.00.

Come to us and we will tell you more of our D. D. D. Skin Soap. We offer the first full size bottle on the guarantee that unless it does as said your money will be refunded. You will be sure to get it. The Owl Drug Co., Advertiser.

Simple Way to End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this just get about four ounces of plain, common liquid from any drug store. (This is not "oil" or "cream", apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and disagreeable odor will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft and look and feel a hundred times better.—Advertisement.

GIVES UP AS ABSCONDER

SEATTLE, Wash., Oct. 19.—A man giving the name of John J. Drummer, 23 years old who said he was wanted in St. Louis on a charge of embezzling \$1000 from Fairbanks, Morse & Co., surrendered to the police last night. Drummer said that he had been in the city for some time and had left there last night.
